"day after day i tell myself
you never mean't the words that you said
night after night i lie here alone
can't get you out of my head
like a fool i let our love slip away
you left me here what more can i say

missed my chance i lost my turn
my ship sank i crashed and burned
broke your heart then i let myself down
lost the fight i lost the game
now there's only me to blame
if you wonder where i am
check the lost and found

time after time i fell short
of the man you needed me to be
lie after lie i left you no choice
but to pack your clothes and leave
got too much pride to beg you to stay
before you go just let me say

missed my chance i lost my turn
my ship sank i crashed and burned
broke your heart then i let myself down
lost the fight i lost the game
now there's only me to blame
if you wonder where i am
check the lost and found

my ship sank i crashed and burned
broke your heart then i let myself down
lost the fight i lost the game
now there's only me to blame
if you wonder where i am
check the lost and found
if you want to find me "
