You look pretty good, for all that you've seen
You're smiles still as bright as it's ever been
You won't show your eye, scared that they might
Show all the world what you told me last night

And you're so tired of just being alive
You're so sad you could just cry

I'd sing you the sweetest songs, and hold you so long
And make you forget all the reasons
You talked about leaving this place
If you're thinking about leaving
I could give you a reason to stay

You seem pretty calm, for what you have done
Your always rehursted, you impress everyone
You covered so well, no one can tell
Your skin is on fire, and your heart is in hell

And you're so tired of just being alive
And you're so sad you could just cry

I'd sing you the sweetest songs, and hold you so long
And make you forget all the reasons
You talked about leaving this place
If you're thinking about leaving
I could give you a reason to stay

If you got to go, then you oughta know
I won't stand in your way
Just give me time, I'll change your mind
Soon you'll forget yesterday

I'd sing you the sweetest songs, and hold you so long
And make you forget all the reasons
You talked about leaving this place
If you're thinking about leaving
I could give you a reason to stay

A reason to stay
Won't you stay with me tonight
A reason to stay

Won't you stay with me one more time
