Every Saturday, long about now  
I feed my chickens and my milking cows  
Air's fillin' up with music and song  
Gonna have a party all night long

All night long, listen to the fiddle  
Music's goin' strong, heart's alive  
It's Saturday night  
Gonna have a party, all night long

I got a gal, lives across the creek  
Every time I look at her my knees get weak  
First time, I tried to take her on my knee  
She took after me with a single tree

All night long, listen to the fiddle  
Music's goin' strong, heart's alive  
It's Saturday night  
Gonna have a party, all night long

Sun's up, high, the fourth of July  
Chickens won't lay, and the cow's gone dry  
Creek's dried up, I can't go fishin'  
Should be workin' 'stead of sittin' here wishin'

Big watermelon, hangin' on the vine  
Said, keep out, I couldn't read that sign  
Gun went off and I started to run  
Left that watermelon in the sun

All night long, listen to the fiddle  
Music's goin' strong, heart's alive  
It's Saturday night  
Gonna have a party, all night long

Sun's comin' up, the rooster's crowin'  
Fiddler's gone, I got to be goin'  
Back to the house across the creek  
But we'll be back at the end of the week

All night long, listen to the fiddle  
Music's goin' strong, heart's alive

It's Saturday night  
Gonna have a party, all night long
