Faith In You

Album, Around the Bend

Performed by Randy Travis

I don't have faith in technology,
Even though we created it.
All this stuff just breaks down anyway,
And you can never get it fixed.
But I do have faith in you.

I don't have faith in politics,
But I do believe in the will of the people.
I don't know much about big time religion
But I believe in the cross on the steeple.
And I do have faith in you.

[Bridge:]

And after all this time the lie becomes the truth
We traded in our innocence and sacrificed our youth.
But you give me your love the one thing I can't lose
You believe in me,
And I still have faith in you.

[Interlude:]

The more I search for my significance,
Seems the more I disappear.
And I wonder, have I made a difference in anybody's
life
Since I've been here.
And I can hear your laughter it's the sweetest sound
I've ever known.
I don't know how love happens,
But I know I'm not alone.
And I do have faith in you.

[Bridge:]

And after all this time sometimes I see the truth
And I'm touched by your innocence and
Now I'm not confused.

You give my your love, the one thing I can't lose.
You believe in me,
And I still have faith in...
I do have faith in you.
