Well there's my easy chair

Just sittin' there

I've spent a lot of time

Thinkin' of this perfect love

I know is yours and mine

And oh how I love

That old picture on the wall

Of you and me and the kids

My most favorite times in life

I've spent right here where we live

(chorus)

There's no place like home

There's no place like home

It just hit me

As I was leaving

There's no place like home

From the bedroom

I smell perfume

My favorite kind your wore

And it brings back memories

Of all those nights

Behind our bedroom door  
And the saddest thing  
I think I've ever seen  
Was my closet all cleaned out  
It's sad to think  
That one must leave  
'Cause we can't work things out  
(repeat chorus)  
So baby say that I can stay  
For just a day or so  
Then maybe I can change your mind  
And I won't have to go  
Just look into  
These baby blues  
And tell me it's okay  
I love that smile  
It drives me wild  
No love won't die today  
There's no place like home  
There's no place like home
