Pat Alger

Oh the wind can blow and the snow can fall
The pipes can freeze but through it all
I'm gonna be just fine
Nothin's gonna bring me down at Christmas time

With all the gifts I bought I'm as good as broke
I know I should care 'cause it's no joke
But I don't seem to mind
Nothin's gonna bring me down at Christmas time

As long as I can snuggle with my honey in a huddle
When the Christmas sun goes down
Santa could skip my street
And I won't miss a beat

Oh my battery's dead and my car won't start

But there's a nice warm fire burnin' in my heart
Oh I'm gonna be just fine
'Cause nothin's gonna bring me down at Christmas
time

I don't seem to worry or get much in a hurry
When Santa's on his way
No matter how much I get
It's more than I expect

Oh the wind can blow and the ice can fall
The pipes can freeze but through it all
I'm gonna be just fine
'Cause nothin's gonna bring me down at Christmas
time
'Cause nothin's gonna bring me down at Christmas
time
