(BB King)

This old road
Has taken it's toll
I've been broke down
But now I'm back on the road
Got it in tthe gear
Sittin' on the go
Just waitin' on the light to change.

(Randy Travis)

I'm goin' places
Straight to the top
I'm all revved up
And my engines hot
Just temporarily
Come to stop
And I'm waitin' on the light to change.

I took a little detour
Wrong way down a one way street.

(B.B. King)

I had to learn the hard way
No shortcuts to easy street
I lose my way
Now and then
But better days
Are just around the bend.

(Randy Travis)

I'm gonna get myself movin' again
I'm just waitin' on the light to change.

(B.B. King)

I took a little detour
Wrong way down a one way street.

(Randy Travis)

I had to learn the hard way
No shortcuts to easy street.

(B.B. King)
Both my hands are on the wheel
My turn will come
I Know it will.

(Randy Travis)
From now on it's all downhill
I'm just waitin' on the light to change.

(B.B. King)
I'm just waitin' on the light to change.

(Randy Travis)
Things are moving up ahead for me now.

(B.B. King)
And I'm ready roll, I'm waitin'.

(Randy Travis)
I'm waitin' on the light to change...
