(Trey Bruce)

I heard a freight train out across the way
I heard a woman sing Amazing Grace
I heard a night bird call to it's mate
When I heard you whisper my name
I heard freedom break it's chain
I heard a heart beat where once on sound remained
I heard angels rise and praise
When I heard you whisper my name

I heard music bring a heart of stone to tears
I heard peace ring like an anthem through the years
And I heard hatred fall from grace
When I heard you whisper my name

Beating softly against the waves
Fell a sound of an early morning rain
And though the lightning and thunder came
I still heard you whisper my name

I heard music bring a heart of stone to tears
I heard peace ring like an anthem through the years
And I heard hatred fall from grace
When I heard you whisper my name

And I heard angels rise and praise
When I heard you whisper my name
