When this old world gets me down and life's a chain I
drag around
When I can't find a ray of hope to help me sooth my
worried soul

Only you and you alone can turn the darkest night into
dawn
The only reason for hanging on is you and you alone

Holding you close to me, gives me all the strength I
need
Then I wake up, it's just a dream, all that's left are
memories

Of only you and you alone can turn the darkest night
into dawn
The only reason for hanging on is you and you alone
My only reason for hanging on is you and your alone
