Such is life, feelin,

Beautiful life, I see it

Im making changes now

Open up the door and I will be here

Im here

Seems like I, been waiting

held in time, Im acing

Im seeing clearly now

Wipe away the tears and I will be free

Im free

I feel, feel the beauty inside

I see worlds of tyranny outside

I hear, hear you crying my name

Im free

I feel

I see

I hear

Im free
