You came along, unexpectedly  
I was doing fine in my little world  
Oh baby please don't get me wrong  
'Cause I'm not complaining  
But you see, you got my mind spinning

REFRAIN:

Why can't it be  
Why can't it be the two of us  
Why can't we be lovers  
Only friends  
You came along  
At a wrong place, at a wrong time  
Or was it me

Baby I dream of you every minute  
You're in my dreams  
You're always in it  
That's the only place I know  
Where you could be mine  
And I'm yours but only  
Till I wake up

REFRAIN:

Why can't it be  
Why can't it be the two of us  
Why can't we be lovers  
Only friends  
You came along  
At a wrong place, at a wrong time  
You came along  
At a wrong place, at a wrong time  
Or was it me
