[Intro:]

Yeah

Back at you (back at you)

Harpoon baby(Harpoon baby)

9th collabo (9th collabo)

You know how we do

Yeah

Yeah

Uh huh

Come on

[Verse 1:]

Slow it down love

I know you feinding like a crack addict

You want my body 'cause all the girls got to have it

Pooh the teddy bear type, chicks like to grab it

But I got to be safe, talking profolactics

Naw, you know I'm speaking on this mind game

Asking questions, steadily picking at your brain

Know your tendencies and why at times your mood
change

You sing a little but you sweating me you got range

Can hold a conversation

She likes to give hugs

Sendin out thank you cards to her just because

In a special way, that's how I feel about us

Took some fakes for you love to be real about us

Some say the truth hurts and I agree with them

But if that nigga treat you right then you should be with
him

'Cause it ain't all about sex with you

Baby I'm trying to get next to you but you don't hear me
though

[Chorus:]

I hope you listening

I'm still talking and I'm trying to get next to you

But you don't hear me ma

I'm steady writing and I hope you reading

I'm trying to get through to you so focus on it love

I hope you listening

I'm still talking and trying to get next to you but you

don't hear me ma
I'm still writing and I hope you reading
I'm trying to get through to you so read between the
lines

[Verse 2:]

Some chicks know their role
Some like to ball hog
Jimmy post up, she everywhere you are dog
I mean that's good and all if she the main chick
And at the end of the night you gonna remain with
And built this thing with
Y'all got this certain vibe
She held it down for a nigga way before the ride
Who you loving?
Who you wanna be hugging?
Them other broads don't amount to nothing and you
the real thing
It ain't nothing like it
Spending time with you is priceless
I swear I told you ain't nothing like it
And since we both low then we can both go sit back and
relax and get so comfortable
You drink?
Well have a glass or two
Chardinaye (sp?) bought just for you
Cheers
'Cause it ain't all about sex with you
Baby I'm trying to get next to you
But you don't hear me though

[Chorus:]

I hope you listening
I'm still talking and I'm trying to get next to you
But you don't hear me ma
I'm steady writing and I hope you reading
I'm trying to get through to you so focus on it love
I hope you listening
I'm still talking and trying to get next to you but you
don't hear me ma
I'm still writing and I hope you reading
I'm trying to get through to you so read between the
lines
[Repeated one more time with a echo and the beat
fades out]
