[Intro x4: whispering]

Just friends, just friends

I just wanna be, just friends

[Verse 1:]

Aiyyo let's get one thing clear my dear

I ain't lookin for a girl, I don't care what you hear

I don't care who did what and put who in your ear

Big Pooh gettin his this year - I'm talkin bout

Meetin chicks with some business

I just wanna be your friend with privileges

Not talkin on the phone all night about

Where I was or who unless we went out

Don't fuss and pout, cause you know how I do

Always chill with the crew but make time for you

She the young-un on the side, point guard in my squad

Nicknamed her B.G. cause she love to Go Hard

My God, this is the master plan

I just wanna be your friend and not your man

You understand? Do you hear what I'm sayin?

Cause the kid ain't playin, word

[Hook: Intro is repeated in background]

There's some things that I gotta say

Especially when you look my way

This one thing that you must understand

I just wanna be your friend and not your man

There's some things that I wanna do

Especially when I look at you

This one thing that you must understand

I just wanna be your friend and not your man

[Verse 2:]

I don't have a problem with monogamy

But the problem be, these chicks eyein me

They see the probably, like I got some cheese

And I'm a take 'em out shoppin, spend a couple of G's

Bitch, Please! Snoop said it best

+I don't luh these hoes+, and I suggest

That, you find another sucka nigga for that game plan

I play a whole 'nother game, man

I'm on some new when the Pooh gotta see you work

And thell they're not exclusive, see me merk
It works, upfront, you don't see no hurt
No runnin to your friends like, "Pooh did dirt"
I'm just tryna have some fun 'fore it's said and done
And while I'm young, gotta get it all in
Be FRIENDS - that's what it's all about
I ain't tryna be your man, so don't even go to that route
So check it ouuuut!

[Chorus x2]

[Outro:]

Yeah, ha! Get your drinks up
To my nigga Z-Mag, get your Rossie out
We gon' sit back on this one...
Let this one ride out
Young Khrysis, Big Pooh
"Sleepers", yeah
Drums!
