"My Country Too"

I don't drive a Mercedes Benz and
I have no desire to own one
I'd sooner watch a flower grow
Than the latest from Sylvester Stalone
I don't have me a country club membership
I ride the Greyhound bus
I don't have a cabin two hours north of here
I don't celebrate Christmas

But it's my country too

Sometimes I gotta remind myself

It's my country too

Pay my taxes

Vote on election day

I stop at stop signs just like you

I've never burned an American flag

If I did it was an accident

I've never dropped a bomb or defaced the
Washington monument

But you won't find a flag on my doorstep

On the Fourth of July

Too many criminals try to wrap themselves inside of it

It stands for too many lies

But it's my country too

Sometimes I gotta remind myself

It's my country too

My country 'tis of thee

Sweet land of liberty

My country 'tis of thee

Sweet land of liberty

If I sing it enough times

Maybe I'll remember what it means

If I sing it enough times

Maybe I'll remember what it means

Don't try to tell me

For once just listen to me

Don't try to tell me

This time listen to me

'Cause it's my country too

Sometimes I gotta remind myself

It's my country too

Pay my taxes

Vote on election day

I stop at stop signs just like you

It's my country too

My country too

My country too
