Do you got to be a queen all your life?
Are you gonna take that crown off your head?
Are you ever gonna come to bed?
Do you got to be a queen all your life?

Do you plan on speaking in this year?
Are you gonna keep everything inside?
Are you gonna keep all your great thoughts to
yourself?
Do you got to be a queen all your life?

Get off your throne, I'm alone
Get off your throne
I'm walking and moaning
I'm dying alone

Do you got to be a queen all your life?
Do you got to cake on one more layer of make-up
everyday?
Are you ever gonna tell me what you want me to do or
say?
Do you gotta be a queen all your life?
