I been missing the feeling a while  
That my call in the life the day I picked up the dial  
Got fresh on the mike, tell me you're nice with style  
Like shoes of a child, used to rock with a smile  
Join in 11, they treat you like ..  
What i had in store separate like ,  
Myself from crowds, I flow like rivers and ,  
Streams , the middle east now  
Our time is bent, came to the , all spent  
...couldn't close even the window I'm in  
The score win you lost one, I miss snoring  
Miss , rap flow , yeah, ah  
So now I know I belong,  
Everybody that , how it feel to be wrong  
Bad to the bone, Stallone with a Rambo click  
First blood like , yo Rambo flick  
Couple rain like slick, the revolution ,  
The kid to bring it to you,  
Get frost with me, backing , a bit  
And , darken shit  
More than a couple of hits  
You , away, long last the musical shit  
That you never forget, I do belong  
Yeah, I told you all I do belong  
, thought I wouldn't make it out the dungeon of rap  
Too many crabs in the barrel, wears down ,  
This one's for Carolina, we wanna do ready, you wanna  
put us on map  
In the zone 2-3 I ain't , recording, still very important,  
That's just the way that I see  
But I ain't changed too much since the days,  
They screaming fuck ,  
Are we too intelligent for black tv,  
Or still walking around doing some dumb shit like Eli  
Porter  
I be no sort of, no half, no quarter  
Divided we fall, I denominate all  
Who divide like water ,  
I'm a motherfucker star, stay on top of the game  
Like , sick floor, side of the play  
I don't play, I do belong rap.

Thanks to Andrei
