Tony Touch spread rapidly,
I'm just hanging on in the studio with Rapsody,
You know how it is, yow, it's a calamity,
.. but it just had to be,
Anyway I'll pass the mike to my girl to divide,
Cause you know what it is, man, you know I'm out of
sight,
And no doubt.. I can't find,
I represent New York she's from North Carolina.

Yow, I thought I'd make it,
Too many crabs in the ,
.. but still a fact,
This is one is for Carolina, we gotta do better,
You wanna put this on map in the zone 2,3
.. still very important, is the way that I see.
It won't change too much, since the days that I'll be,
Is from your fucking, underworld MG
Are we too intelligent for black TV?
You're still walking around, doing that dumb shit like,
I'll be no sort of, no half, no quarter,
Divided we fall, I denominate all, who divide like water,
Hang beneath my,
I'm the mother fucker star rap,
I'm the mother fucker star rap,
Oh, yow, rap!
