Ooh ha hey, oh oh aah
I miss you so much
Your light, your smile, your way
And everything about us

Though you're gone, you're still here
In my heart, in my tears
Yeah, you sure left your mark
And we were just getting started

It wasn't long
It wasn't long enough together
But it was long enough
Yeah, it was long enough
To last forever

Sometimes I get so mad
I scream and swear at this
'Cause this isn't
How we planned it

I sit here in a cold room, prayin'
Waiting on you
To run back through that door
The way it was before

You left, it wasn't long enough
It wasn't long enough together
But it was long enough
Yeah, it was long enough
To last forever

I feel cheated
(I feel cheated)
Defeated
(Can't believe it)

Can't believe that you're gone
(You're gone, you're gone)
Oh, it was wrong
(So wrong)

It wasn't long enough
It wasn't long enough
It wasn't long enough
No, it wasn't long enough
It wasn't long enough together
(Together)

But it was long enough
Yeah, it was long enough to last
To last, to last forever

(It wasn't long enough)
(It wasn't long enough)
(It wasn't long enough)
No, it wasn't long enough

(It wasn't long enough)
(It wasn't long enough)
It wasn't long enough)
Long enough

(It wasn't long enough)
(It wasn't long enough)
(It wasn't long enough)
Whoa oh oh oh
Oh ooh ooh
