There's a place I've been lookin' for
That took me in and out of buildings
Behind windows, walls and doors

And I thought I found it
Couple times even settled down
Then I'd hang around just long enough
To find my way back out

I know now
The place that I was tryin' to reach
Was you right here in front of me

And I wouldn't change a thing
I'd walk right back through the rain
Back to every broken heart
On the day that it was breakin'

And I'd relive all the years
And be thankful for the tears
I've cried with every stumble, step
That led to you and got me here
Right here, oh, baby

It's amazin', what I let my heart go through
To get me where it got me
In this moment here with you

And it passed me by
God knows how many times
I was so caught up in holdin'
What I never thought I'd find

I know now
There's a million roads I had to take
To get me in your arms this way

And I wouldn't change a thing
I'd walk right back through the rain
Back to every broken heart
On the day that it was breakin'

And I'd relive all the years
And be thankful for the tears
I've cried with every stumble, step
That led to you and got me here

In a love I never thought I get to, get to, here
And if that's the road God made me take
To be with you

And I wouldn't change a thing
I'd walk right back through the rain
Back to every broken heart
On the day that it was breakin'

And I'd relive all the years
And be thankful for the tears
I've cried with every stumble, step
That led to you and got me here, right here

And I'd relive all the years
And be thankful for the tears
I've cried with every stumble, step
That led to you and got me here
Right here, oh, baby
Ooh, oh got me here
