Sarah Beth is scared to death to hear what the doctor
will say
She hasn't been well since the day that she fell
And the bruise, it just won't go away
So she sits and she waits with her mother and dad
And flips through an old magazine 'til the nurse with
the smile
Stands at the door and says, "Will you please come
with me?"

Sarah Beth is scared to death
'Cause the doctor just told her the news
"Between the red cells and white, some thing's not
right
But we're gonna take care of you
6 chances in 10 it won't come back again
With the therapy we're gonna try, it's just been
approved
It's the strongest there is and I think we caught it in
time"
And Sarah Beth closes her eyes

She dreams she's dancing, around and around
Without any cares and her very first love
Is holding her close and a soft wind is blowing her hair

Sarah Beth is scared to death as she sits, holding her
mom
'Cause it would be a mistake for someone to take
A girl with no hair to the Prom for just this morning
Right there on her pillow was the cruelest of things, a
surprise
And she cried as she gathered it into her hands
The proof that she couldn't deny and Sarah Beth closes
her eyes

She dreams she's dancing, around and around
Without any cares and her very first love
Was holding her close and a soft wind is blowing her
hair

It's quarter to seven that boy's at the door

And her daddy ushers him in and when he takes off his
cap
They all start to cry' cause this morning where his hair
had been
Softly she touches just skin

And they go dancing, around and around
Without any cares and her very first true love
Is holding her close and for a moment she isn't scared
