Threw away the nights all away
Darker than secrets that rest in her
I've seen it all now
To have her gloat around this scene
Step thru the faces of these seats
She cheats the ones who stand around
I see it all now
I see it all now
Cause I'm sick and I'm getting tired
Of their bickering down my ears
They're downing me with their thoughts
Sometimes I feel like I'm getting old
When you spit in my face
You're wearing yourself out as well as me
All you want is more
All you want is more
All you want is more
Sympathy!
I'll give you sympathy
I'll give you sympathy
I'll give you sympathy

Until the day that I

See you there

See you there

I'll give you sympathy

I'll give you sympathy

I'll give you sympathy

I'll give you sympathy

Played off the ups

And downs

And from the moments from my paths

She cheats the ones who stand around

I see it all now

I see it all now

Cause I'm sick and I'm getting tired

Of their bickering down my ears

They're downing me with their thoughts

Sometimes I feel like I'm getting old

When you spit in my face

You're wearing yourself out as well as me

All you want is more

All you want is more

All you want is more

Sympathy!

I'll give you sympathy

I'll give you sympathy

I'll give you sympathy

I'll give you sympathy

Until the day that I

See you there

See you there
