It's 3 AM and you're still wide awake
Wonderin' how much more your broken heart can take
All he left you with was shattered dreams
I know it's hard to see right now
But it's not as bad as it seems

[Chorus]

Cause you'll live to love another day
Happiness is on its way
Hold on, (hold on) It won't be long
Cause I know the pain you're livin' in
Sometimes you've gotta lose to win
It's okay, Oh don't you worry baby
We all live to love another day

I know you say you've lost your faith in love
But it's not written in the stars above
I wouldn't tell you anything but the truth
Cause I've been where you are
And I'm living proof

[Chorus]

That you'll live to love another day
Happiness is on its way
Hold on, (hold on) It won't be long
Cause I know the pain you're livin' in
Sometimes you've gotta lose to win
It's okay, Oh don't you worry baby
We all live to love another day

What's here right now (here right now)
It didn't come to stay (come to stay)
The sun is gonna rise again
And the clouds will roll away
Believe me when I say

[Chorus]

That you'll live to love another day
Happiness is on its way
Hold on, Hold on
Cause I know the pain you're livin' in

Sometimes you've gotta lose to win
It's okay, (baby it's ok)
Oh don't you worry baby
Cause we all live to love another day

Oh don't you worry baby
Cause we all live
To love another day

Ooooh
