I miss you so much  
Your light, your smile, your way  
And everything about us

Though you're gone you're still here  
In my heart, in my tears  
Yeah, you sure left your mark  
And we were just getting started

It wasn't long enough  
It wasn't long enough together  
But it was long enough  
Yeah, it was long enough to last forever

Sometimes I get so mad  
I scream, I swear at this  
'Cause this isn't how we planned it

I sit here in a cold room  
Praying, waitin' on you  
To run back through that door  
To the way it was before you left

It wasn't long enough  
It wasn't long enough together  
But it was long enough  
Yeah, it was long enough to last forever

I feel cheated and defeated  
(I feel cheated)  
(Can't believe it)  
Can't believe that you're gone  
(Your gone, your gone)  
Oh, it was wrong  
(So wrong)

It wasn't long enough  
It wasn't long enough  
It wasn't long enough

No, it wasn't long enough  
It wasn't long enough together

But it was long enough  
Yeah, it was long enough to last  
To last, to last forever

It wasn't long enough  
It wasn't long enough  
It wasn't long enough  
No, it wasn't long enough

It wasn't long enough  
It wasn't long enough  
It wasn't long enough

It wasn't long enough  
It wasn't long enough
