It's 3 AM and you're still wide awake
Wondering how much more your broken heart can take
All he left you with was shattered dreams
I know it's hard to see right now, it's not as bad as it
seems

You'll live to love another day
Happiness is on it's way
Hold on
It won't be long
I know the pain you're living in
Sometimes you've got to lose to win
It's okay
Don't you worry baby
We all live to love another day

I know you say you've lost your faith in love
And it's not written in the stars above
I wouldn't tell you anything but the truth
I've been where you are
And I'm living proof

You'll live to love another day

Happiness is on it's way
Hold on
It won't be long
I know the pain you're living in
Sometimes you've got to lose to win
It's okay
Don't you worry baby
We all live to love another day

What's here right now didn't come to stay
The sun is gonna rise again and the clouds will roll
away
Believe me when I say

You'll live to love another day
Happiness is on it's way
Hold on, hold on
I know the pain you're living in

Sometimes you've got to lose to win
It's okay
Don't you worry baby
We all live to love another day

Don't you worry baby
We all live to love another day
