(Brett James/Lonnie Wilson)

I have always been a little shy
I've always been the quiet
Type till now
And I, I, I never let my feelings show
I never let anybody know
Just how much I was so
Deep in love
But now that you're in my arms

I'm gonna stand on a rooftop
Climb up a mountaintop
Baby, scream and shout
I wanna sing it on the radio
Show it on a video
Baby, leave no doubt
I want the whole world to know
Just what I'm all about
I love to love you out loud

You, keep bringing out the
Free in me
What you do to my heart
Just makes me melt
And I, I, I don't think I can resist
But I've never been one to
Kiss and tell
A love this true can't be
Subdued
So I'm gonna let out a yell

I'm gonna stand on a rooftop
Climb up a mountaintop
Baby, scream and shout
I wanna sing it on the radio
Show it on a video
Baby, leave no doubt
I want the whole world to know
Just what I'm all about
I love to love you out loud

Baby I want the whole world to see
Just how good your love looks on me

I'm gonna stand on a rooftop
Climb up a mountaintop
Baby, scream and shout
I wanna sing it on the radio
Show it on a video
Baby, leave no doubt
I want the whole world to know
Just what I'm all about
I love to love you

Baby, I love to love you out loud
Yeah, I love to love you out loud
