### "Not Just Me"

Visit "[Not Just Me](#)" on MotoLyrics.com

tell me you've had trouble sleeping  
that you toss and turn from side to side  
that its my face you've been seeing in your dreams at  
night  
tell me that you wake up crying  
and you're not sure exactly why  
tell me that something is missing in your life  
in your life baby

tell me that you live for love  
that forever is never enough  
that you've waited all your life to see  
that you want so badly to believe  
tell me that its not just me

Could've swore I saw you smile at me  
standing in the pouring rain (in the pouring rain)  
at a lost for words and running out of time  
I said this crazy thing  
crazy thing I said

tell me that you live for love  
that forever is never enough  
that you've waited all your life to see  
that you want so badly to believe  
tell me that its not just me

Hold me now and tell me  
that you do believe in a soul, a soul mate  
and tell me, tell me, tell me

repeat chorus:
