She's got a suitcase packed in the trunk, trunk, trunk
She's got a see you later song that went bump, bump, bump
She's got a hurtin heavy heart that went thump, thump, thump
She's leaving

She's got a bucket of tears goin' drop, drip, drop
And that ring on her finger is comin' off, off, off
She's got a boyfriend yelling to stop, stop, stop
She's leaving

[Chorus:]

Should have done this, should have done that
Should have seen it comin', guess you don't see nothing when you're runnin' 'round
She's history, wrapped in a memory,
Tied up tight with a broken heart strings of the things that will never be
She's leaving

She left your dreams in the washing machine, chine, chine
Now she's a red light turning to green, green, green
She's a goner if you know what I mean, mean, mean
She's leaving

[Chorus:]

Should have done this, should have done that
Should have seen it comin', guess you don't see nothing when you're runnin' 'round
She's history, wrapped in a memory,
Tied up tight with a broken heart strings of the things that will never be
She's leaving
Oh no, she's leaving

Look at her go down right over your road,
Saying to herself should have done this a long time ago

[Chorus:]

Should have done this, should have done that
Should have seen it comin', guess you don't see nothing when you're runnin' 'round

She's history, wrapped in a memory,
Tied up tight with a broken heart strings of the things that will never be
She's, she's, she's leaving
She's leaving
She's leaving
Oh, she's leaving
She's leaving
(She's leaving, man)
Look at her go down right over your road
