Nobody thought that we'd last
As long as we have
I guess we showed 'em
Now I don't mean to brag
We're pretty good at
Keepin' what we got goin'
I guess we beat the odds
Hey how 'bout us

Chorus
In this crazy world
Of mirrors and smoke
Where hearts can get broke
And forever's so hard to find
People still dream
And people still hope
That someday they'll get it right
And love like yours and mine is why
They Try

You know i'll kiss you downtown
Right there on your mouth
With everyone staring
I don't mind if they see
Just what you mean to me
Girl, that's something worth sharing
Love's a beautiful thing
Hey, let it catch on

Chorus
n this crazy world
Of mirrors and smoke
Where hearts can get broke
And forever's so hard to find
People still dream
And people still hope
That someday they'll get it right
And love like yours and mine is why
They Try
They try, they try, they try

Baby, our best days are up ahead
Girl we ain't done yet

No far from it
In this crazy world

Chorus
n this crazy world
Of mirrors and smoke
Where hearts can get broke
And forever's so hard to find
People still dream
And people still hope
That someday they'll get it right
And love like yours and mine is why
They Try

They try, they try
