(Brad Crisler/James LeBlanc)

Every road that  
I've been down  
The only truth that  
I have found  
There's only one thing  
I can't live without  
You

I was searching  
For something I thought  
I would never find  
Losing my mind  
In and out of bad love  
I thought I was born to lose  
Then came you  
I thought I knew what the real  
Thing was  
But nothing shakes me like  
Your love does  
I've been hypnotized  
Now I realize

Every road that  
I've been down  
The only truth that  
I have found  
There's only one thing  
I can't live without  
You

Every time I get lost  
In a temperamental mood  
You still stay cool  
Just when I think that this  
Life's about to drive me insane  
You take the reins  
Every time I feel I'm drifting  
Off course  
You're my compass, you're  
My one true north

In a mixed up world  
You make sense to me girl

Every road that  
I've been down  
The only truth that  
I have found  
There's only one thing  
I can't live without  
You

Yeah, every road girl  
Leads me to you  
And baby, that's all I need  
To know

Every road that  
I've been down  
The only truth that  
I have found  
There's only one thing  
I can't live without  
You

Every road that  
I've been down  
The only truth that  
I have found  
There's only one thing  
I can't live without  
You

Every road that I've been  
Down in my life  
Every time I feel I'm taking off  
Every road that I've been  
Down in my life  
Every road, girl, leads  
Me to you  
Yes it did, yes it did  
Every road girl  
Every road leads me to you
