feat. Kelis

Call paramedics and other experts
Could I be re-fixed?
All these broken people
They trunk your parts
Somewhere we got missed

Cause the heart, it never sleeps
Cause the heart, it never sleeps
Cause the heart, it never sleeps
Cause the heart, it never sleeps

Call paramedics and other experts
Listen close to this
Broken people, theyre junkyard parts
Ache and all we fixed

Cause the heart, it never sleeps
Cause the heart, it never sleeps
Cause the heart, it never sleeps
Cause the heart, it never sleeps

Well put out an APB
Crash carts on the way

Cause the heart, it never sleeps
Cause the heart, it never sleeps
Cause the heart, it never sleeps
Cause the heart, it never sleeps
