Giving all that love
Got me off drugs
Got me swigging you like whisky slugs

When you sigh, so do I
When I'm not back home, she's alone
Can't seem to see why I have to roam

If you die, so do I
Glance the earth side
Through the dark eye
Mantrasize your name

I let go
I forgot to have you
For my own
I let go
I forgot to have you
For my own

I'm standing in the dust dreaming
Headlines beaming and the pavements gleaming

Oh, oh, oh something sighs in the sky
Glowing ufo, take me home
Acting no where this is I've blown

But someone cries, so do I
Glance the earth side
Through the dark eye
Mantrasize your name

I let go
I forgot to have you
For my own
I let go
I forgot to have you
For my own

Just let go
Woah, oh, oh, oh
Let go, woah, oh, oh, oh

Hey you
Hey you
Hey me
Hey you[x5]
