Now you know I know, head in a hole  
By saying nothing, you take control  
Passive aggressive, a daily routine  
Now you pollute, even my dream

You've got some nerve (you've got some nerve)  
To stand and say (to stand and say)  
"Oh, it's all just fine."  
You've got some nerve (you've got some nerve)  
To stand and say (to stand and say)  
"Why you having a good time?"

I don't wanna be yours no more  
Not yours no more  
Don't wanna be this where I just exist  
Can I have a little bit?  
I don't wanna be yours no more  
Not yours no more  
Don't wanna be this where I just exist  
Can I have a little bit more?

Well, you know I know who stole my soul  
Threw it in a bag into a hole  
Passive aggressive, a daily routine  
Now you pollute even my dreams

You've got some nerve (you've got some nerve)  
To stand and say (to stand and say)  
"Oh, it's all just fine."  
You've got some nerve (you've got some nerve)  
To stand and say (to stand and say)  
"Why you having a good time?"

I don't wanna be yours no more  
Not yours no more  
Don't wanna be this where I just exist  
Can I have a little bit?  
I don't wanna be yours no more  
Not yours no more  
Don't wanna be this where I just exist  
Can I have a little bit more?

It goes round round round round round round round  
It goes round round round round round round round  
It goes round and round and round and round and  
round and round  
It goes round

You've got some nerve (you've got some nerve)  
To stand and say (to stand and say)  
"Oh, it's all just fine."  
You've got some nerve (you've got some nerve)  
To stand and say (to stand and say)  
"Why you having a good time?"

I don't wanna be yours no more  
Not yours no more  
Don't wanna be this where I just exist  
Can I have a little bit?  
I don't wanna be yours no more  
Not yours no more  
Don't wanna be this where I just exist  
Can I have a little bit more?

Not yours no more  
Not yours no more  
Not yours no more  
Not yours no more  
Not yours no more  
Not yours no more  
Not yours no more
