Baby I know that you don't know nobody like me
You're 27 and I'm only pushin 19
You think it's crazy, you think I'm out of my mind
Not sayin nothin to none of your friends about me
You say I'm young and you say I need to grow older
But in the bed you aint givin me the cold shoulder
You know the routine baby just sit back and relax
Imma show you how Stella got her groove back

Just lay

I can freak you from the night until the day
I can do about anything that you say
Baby climb into the bed I wanna play if that's ok
So baby come with me so I can set you body free
Just make sure that your kids are sleep
Don't worry bout my age, my age is ok, yeah

I'm gonna do what you want me to do
But how long are you gonna do what you do
I know you want me just like I want you
Tonight (Baby tonight, gonna treat your body right,
yeah)

Girl I'm blowin up your phone when I wanna see your
face
You only call me when you want me to come to your
place
You know I wouldn't even mind, girl if you were mine

Just lay

I can freak you from the night until the day
I can do about anything that you say
Baby climb into the bed I wanna play if that's ok
So baby come with me so I can set you body free
Just make sure that your kids are sleep
Don't worry bout my age, my age is ok, yeah

Come with me
Body free
Kids are sleep
Lay, yeah
Come with me

Body free
Kids are sleep
Lay, yeah

Just lay
I can freak you from the night until the day
I can do about anything that you say
Baby climb into the bed I wanna play if that's ok
So baby come with me so I can set you body free
Just make sure that your kids are sleep
Don't worry bout my age, my age is ok, yeah
