Long hot days  
We'll be catchin' the rays  
(Oh baby) Long hot days  
We'll be catchin' the rays  
You know my tape deck is blastin'  
My car's fast

When school lets out  
And the summer's here  
We'll have some time for the sun  
Throw my notebooks out  
And put my car in gear  
'Cause we'll be havin' some fun

Drivin' around  
(Long hot days we'll be catchin' the rays)  
Drivin' around  
(Long hot days we'll be catchin' the rays)  
You know my tape deck is blastin'  
My car's fast,

With my girl by my side  
We can go for a ride  
To find a place we can dance  
And when it gets real dark  
We can stop in the park  
And have a backseat romance

Drivin' around  
(Long hot days we'll be catchin' the rays)  
Drivin' around  
(Long hot days we'll be catchin' the rays)  
You know my tape deck is blastin'  
My car's fast,  
I'm drivin' around, yeah

I'll be waitin' all through the year  
Just to get you alone with nobody near  
Baby don't be late  
'Cause I just can't wait  
All I wanna do is make love to you

With my girl by my side  
We can go for a ride  
To find a place we can dance  
And when it gets real dark  
We can stop in the park  
And have a backseat romance, yeah

Drivin' around  
(Long hot days we'll be catchin' the rays)  
Drivin' around  
(Long hot days we'll be catchin' the rays)  
You know my tape deck is blastin'  
My car's fast,  
I'm drivin' around, oh yeah

Drivin' around  
(Long hot days we'll be catchin' the rays)  
Drivin' around  
(Long hot days we'll be catchin' the rays)-ac
