I can't begin to count the times  
I have been by myself  
I lie awake my lonely room  
Tells me there's no one else, no one else

I reach for the light it shines above my head  
Reveals the bed that you're not in  
I reach for the light it shines across the room  
And brings to mind what might have been

I tell myself I'm better off  
No one can have me now  
I see your crumpled photograph  
It makes me laugh out loud, laugh out loud

I reach for the light it shines above my head  
Reveals the bed that you're not in  
I reach for the light it shines across the room  
And brings to mind what might have been

And I wish I could forget  
How good you look, tonight  
When you smiled at me  
And walked away with him, oh, oh no

I reach for the light it shines above my head  
Reveals the bed that you're not in  
I reach for the light it shines across the room  
And brings to mind what might have been

I reach for the light, now  
(I reach for the light)  
I tell myself I'm better off  
No one can hurt me now  
(I reach for the light)

I see your crumpled photograph  
It makes me laugh out loud  
(I reach for the light)  
I lay wake my lonely room  
Tells me there's no one there

(I reach for the light)  
I just can't stay [Incomprehensible]  
(I reach for the light)
