Well it's all been said, it's over now, I guess that I  
should leave  
'Cause there's nothin' left for me to do except to set  
you free  
So let me leave now before I cry, I'll just go back to my  
room and hide  
And never let no one else inside to do this again

But if you change your mind, won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change  
your mind  
If you should change your mind, oh yeah

Well I tried so hard to be the one that you were  
dreaming of  
But I guess it wasn't quite enough to make you fall in  
love  
So walk away, leave me by myself and let me crawl  
back into my shell  
And be the me that I do so well before I met you

But if you change your mind won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change  
your mind  
If you should change your mind, oh yeah

I'll be waitin' at home, just call me up on the phone  
And I'll be by your side, there's no reason to hide  
If you need me just call, don't you worry at all  
But if this is the end and I can't see you again  
I just can't carry on, it's so hard when you're gone  
It's so hard when you're gone, oh oh, oh oh, oh no, oh  
Baby don't leave, oh baby, baby don't go, oh baby  
don't go

But if you change your mind, won't you take some time  
And let me know that you still want me too

'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change  
your mind  
If you should change your mind, oh yeah

But if you change your mind, won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change  
your mind  
If you should change your mind, oh yeah

But if you change your mind, won't you take some time  
And let me know that you still want me too  
'Cause I'll wait night and day until you say  
That you have changed your mind, won't you change  
your mind  
If you should change your mind oh yeah
