It Seemed So Easy
Raspberries
by David Smalley & Eric Carmen

Remember our love, babe
Remember the good days
The days when we both
Thought it would stay

Just thinkin' about you
So warm there beside me
I'd look in your eyes
And then you'd say

Words of love to me
Of how it would always be
And how the cloudy days
Had all gone by

But now I'm wonderin', babe
If it was all a lie
Because it seemed so easy
When you said goodbye

I'm trying to see, baby
How it's gonna be
It's useless I know
Each day goes so slow

But I'll always try, babe
Can't accept your goodbye
I'll remember your voice
So soft as you'd sigh

Worlds of love to me
Of how it would always be
And how the cloudy days
Had all gone by

But now I'm wonderin', babe
If it was all a lie

Because it seemed so easy
When you said goodbye

If I could stop
Tell my heart not to love you
I'd have no reason to go on

I'm trying to see, babe
How it's gonna be
It's useless I know
Each day goes so slow

But I'll always try, babe
Can't accept your goodbye
I'll remember your voice
So soft as you'd sigh

Words of love to me
Of how it would always be
And how the cloudy days
Had all gone by

But now I'm wonderin', babe
If it was all a lie
Because it seemed so easy
When you said goodbye
Because it seemed so easy
When you said goodbye
Because it seemed so easy
When you said goodbye.....
