Would I walk through fire

Just to be with you, to be with you, yeah

Would I cross an ocean

Just to hold you, yeah

Would I give up all I have

To see you smile, to see you smile

Would I walk through hell

And not think twice

Baby I would, Baby I will

Baby I'll do that gladly

Be all you need

Do anything, to make you happy

Baby I could, Baby I can

Do anything you ask me

Baby I can, Baby I could

Baby I would, I would

Would I be the harbor always there for you,

Right there for you, baby

Would I be the shelter that would shield you, yeah

Would I be the loving light to light your way,

To light your way honey

And would I defend you with my life

Life

Baby I would, (I would) baby I will (I will)

Baby I'll do that gladly

Be all you need

Do anything, to make you happy

Baby I could, baby I can

Do anything you ask me

Baby I can, baby I could

Baby I would

I'll keep you from the cold

I'll be there to hold you

And if tears should find your eyes, your eyes

I would be the one to dry them, be the one to dry them

I would risk it all and give it all to you

Baby I....

Baby I would, I would

Baby I will, I will

Baby I'll do that gladly

I'll be all you need,

I'll do anything to

Make you happy

Baby I could, (I could) Baby I can (I can=

Anything you ask me

Baby I can, Baby I could,

Baby I would

Do anything you ask me

Baby I can, Baby I could,

Baby I would

I'll do anything for you girl

Baby I can, Baby I could

Baby I would

Cause you're the one I want in my world

I can, I could

Baby I would
