Every six seconds

Every six seconds

Baby I can't stop

My mind from slipping

Every Six seconds or less

Preoccupation with the opposite sex

And you're the one I blame

For making me go missing

I think of you and drift away

Fourteen thousand times a day

Victoria's Secret I've been keepin'

And its getting harder all the time

I can't keep it undercover

I need your soft lips kissing mine

Chorus:

Every six seconds

My body start begging

Your sweet thing is wreckin' me

Until you give me some

Ten times a minute

Six hundred times an hour

Another cold shower

Until you give me some (until you give me some)

I picture you

In red Mac lipstick

Smudgin' all over me

Leavin' a mark on my fantasy

Or swimming in water

Wearing nothing but moonlight

Both of us soaking wet

Splash

Halfway to the towel

That's as far as we get

Victoria's Secret I've been keepin'

And its getting harder all the time

I can keep it undercover

I need your soft lips kissing mine

Chorus

Every six seconds

My body start begging

Your sweet thing is wreckin' me

Until you give me some

Ten times a minute

Six hundred times an hour

another cold shower

Until you give me some

Thoughts of you keeps swimming through my brain

Baby night and day and night

Cannot concentrate on anything

but this urge I have inside

Every six seconds

Every six seconds

Until you give me some

Every six seconds

Every six seconds

Until you give me some

Chorus 2x

Every six seconds
