Words like love and happiness

Never seem to stand up baby

When you put them to the test, yeah

You say that you're a poet

That your love's a work of art

But you can't play love by numbers babe

You gotta play it all by heart

Chorus:

Baby, baby. baby, baby

It happens all the time

How you play me, play me, play me

Playing with my mind

Baby, baby, baby, baby

You're making me go crazy

And if you call that love

Then love should be a crime

Honesty

Bites the dust

Every time I hear you saying

Love was never lost, yeah

Did you read it in a book

Did you see it in a magazine  
Do you think that I'm some new age fool  
Do you think I'm so naive  
Chorus  
Love should be a crime  
You & me  
Suddenly  
We got nothing to say  
But the words get in the way  
Baby baby, baby, baby  
It happens all the time  
How you play me, play me, play me  
Playing with my mind  
Baby baby baby baby  
You're making me go crazy  
And if you call that love  
and all it was  
Was a pocket full of nothing  
But a suicidal gun  
If you call that love  
Then love should be a crime
