Ohhhh!

I like your style

I love your smile baby

Taken my durability

Taken the ability

To push this in the right direction

See you again

Baby

And I hope that I can see you again

I don't wanna know I can count her out

You're too scared to talk about

Things I wanna say so privately

I want your secrecy

So come a little closer

Girl I want to know

What's in your heart

What's in your soul

My body's poisoned

Body's sayin'

That you'll lead me there

Sunlight at the dance floor

Diamonds fancy restaurants

I know that it ain't all it seems

Hold on!

Before you judge me

Come on!

just try to love me

You'll see!

That I'm the man in your

Dreams
