Shy shy girl

Shy Girl

Yeah, Yeah (yeah yeah) Oh Oh (oh oh)

Standing with the wallflowers

Wishing you'd have stayed at home

You kick yourself for coming

When you're standing there all alone

The centers of attention are busy making all their
moves

Oh Girl...

While all the guys are lookin' at them

I got my eye on you

Only you

You might think you're nothing special

You might be losing heart,

But baby don't you realize,

How beautiful you really are?

(chorus)

Shy girl

It's written on your face

A mermaid out of water

Feeling outta place

Shy girl

Tryin' to hide a blush

Caught you looking for a second

Felt my heart a-rush

Don't run away

Don't be afraid

Don't be shy girl

So beautiful (so beautiful)

Shy shy girl

I'm moving in closer

Slowly tryin' to break the ice

Shy shy girl

But it's hard to get a lock on your downward glancing
eyes

Oh yeah

You might think you're nothing special

But I'm about to lose my heart

Oh baby don't you realize,

How beautiful you really are?

(chorus)

Now I'm standing right in front of you

I confess I'm nervous too

Girl you know there's something goin' on

And not to give it a chance

Would be so wrong (be so wrong)

Oh baby

Shy girl

It's written on your face

A mermaid out of water

Feeling out of place

Shy girl

Tryin' to hide a blush

Pretending that there's nothing between the two of us

Don't run away

Don't be afraid

Don't be shy girl

(CHORUS)

Hey girl

Don't be shy girl

(hahaha) Shy shy girl

Don't run away

Oh baby

lookin' at you

Come a little closer

Shy, Shy girl

Shy girl

you make my heart beat so badly

shy girl

shy shy girl (until fade)
