I've been waiting for the stars to come out
Dinner it was fine,
but I can't lie 'cause I've been waiting for ya
to come back to my room,
I've been, thinking of you 24/7, and 365
Now the girl for me Impanema
she's here right by my side
I got you now and I just wanna
show you how to play
Goosebumps on your body
guide the way
CHORUS:
I wanna go all night
Ain't no stoppin' 'till the breakin' of the dawn
I wanna go inside every corner
Girl you really turn me on
I wanna go
Knock knock
Our bodies to the beat
And when the morning comes
we're letting the sun shine

We'll stay in bed

You can't separate us

We fit together

I can feel you comin' closer

Dancin' in the dark (dancin' in the dark)

I touch your lips and kiss your shoulders

Send a letter to your heart

I can't explain to which extreme I'm feelin' you (feelin' you)

How many triple x dreams that's been starring you

I got you now and I just wanna

show you how to play

Goosebumps on your body

guide the way

CHORUS

I wanna go all night

ain't no stoppin' 'till the breakin' of the dawn (breakin' of the dawn)

I wanna go inside every corner

Girl you really turn me on (I wanna go I wanna go)

I wanna go knock knock

our bodies to the beat

And when the morning comes (when the morning comes)

We're letting the sun shine

We'll stay in bed (oh baby)

You can't separate us

We fit together

I won't get nothing done of what I ought'a do,

it doesn't really matter to me

I-I-I am here with you

I can't explain to what degree I'm feelin' you

How many triple x dreams I've had starring you

But I got you now and i just wanna show you how to play
(show you how to play)

Goosebumps on your body

Guide the way

I wanna go all night,

ain't no stoppin' 'till the breakin' of the dawn (breakin'
of the dawn),

I wanna go inside every corner (every corner baby),

girl you really turn me on

I wanna go knock knock

our bodies to the beat (knock knock to the beat)

and when the morning comes

we're letting the sun shine

stay in bed,

you cant separate us

we fit together

I wanna go all night

ain't no stoppin' 'till the breakin' of the dawn

(there ain't no stopping till the breakin' of the dawn)

I wanna go inside every corner (every corner every
corner baby)

girl you really turn me on

I wanna go knock knock

our bodies to the beat

and when the morning comes (when the morning
comes)

we're letting the sun shine

stay in bed

you cant separate us

we fit together

all night

I wanna go all night

can I go inside

how about inside

I wanna go all night

can I go all night

what about inside

can I go inside
