Taking my time
Put my coat on at nine
Down goes my life
Streets are cold
No gun by my side
I'm now going home

Don't wait on me, wait on me
I'm top secret
I'm top secret

No cases unsolved
Not working at all
No F.B.I. on my mind
My life is at ease
I got somethin' to see
I don't wait for your call

Don't wait on me
Wait on me
I'm top secret
I'm top secret

Double agent's got a line on me
Double trouble it's not enough
Double agent got a line on me
Double trouble it's not enough

You're runnin' I'm seekin'
I'm top secret
Stop you'll never get away
You're runnin' I'm seekin'
I'm top secret
Stop you'll never get away
You're feelin' my intentions
I'm top secret
Stop I'm gonna put you away

Taking my time
Put my coat on at nine
Down goes my life

Streets are cold
No gun by my side
I'm now going home

No cases unsolved
Not working at all
No F.B.I. on my mind
My life is at ease
I got something to see
I don't wait for your call
Double agent got a line on me
Double trouble it's not enough
Double agent got a line on me
Double trouble it's not enough

You're runnin' I'm seekin'
I'm top secret
Stop you'll never get away
You're runnin' I'm seekin'
I'm top secret
Stop you'll never get away
You're feelin' my intentions
I'm top secret
Stop I'm gonna put you away
