You're the one I've been waiting on.
What took you, what took you so long?
I'd just about given up on this, oh yeah, oh yeah
Don't you wish that you could go and forget about
me?
But that, but that's be too easy.
Don't you know that you're all mine?
Mine, until, til the end of time.
Because now I've got you and I never wanna let you
go.
You can try to run just remember that I told you so.

I look at you and I see myself;
Oh boy, boy do you need help.
Cause your mind's as twisted as mine.
Never thought, never thought I'd find
Any man that could get me to bite at least every,
At least every night
So I'm afraid you're stuck with me,
Hope that makes you, hope that makes you happy
Because now I've got you and I'm never gonna let
you go.
You can try to run just remember that I told you so.

You're the one I've been waiting on.
What took you, what took you so long?
I'd just about given up on this, oh yeah, oh yeah
Don't you wish that you could go and forget about
me?
But that but that's be too easy.
Better be ready to be all mine,
Mine until, til the end of, mine until the end of time.
Because now I've got you and I'm never gonna let
you go.
You can try to run just remember that I told you so.

Gonna keep you, gonna keep you for myself.
Gonna keep you, gonna keep you for myself.
Gonna keep you, gonna keep you for myself.
(repeat to fade)
