Caught between one thick line  
I can never see in the dark  
Can you see at all?  
Can you see at all?  
Can you see at all?

[x2]  
And now you go (Slip me the Vicodin)  
This world is upside down  
Night at the symphony  
The bar is closing down (And now you go)  
Slip me an antidote  
Empty the cashbox out

[Chorus:]  
And I don't know why  
I don't know why I fight for you this way  
Fight for you this way  
Fight for you this way  
(Take the call and quickly lie about)  
(Who you've been seeing lately)  
(Then forget about it all)

Stage lights are burning up  
Running faster to this spot

Staring at these faces  
Torn from all these places  
And I won't go

Mace yourself, blame someone else  
Fall face down, fluid leaking out your eyeballs  
Mace yourself, blame someone else  
It's okay, no one will believe you  
Mace yourself, blame someone else  
Fall face down, fluid leaking out your eyeballs  
Mace yourself, blame someone else  
It's okay, no one will believe you now

And I believed you're not okay  
And I won't go far  
And I believed you're not okay

[Chorus]

Hey girl, you're the best  
I'm a sucker, maybe I should fuck her now
