Feel light as it flows

And

Can't hide the fact that we're both here,

Don't let it go, we're so scared,

Runnin' rampant round town with my head in the
ground

But thatâ€™s just suppose how itâ€™s suppose to be

Me in the trunk making audible thumps

And we break and we dip and we crash and we fly

But itâ€™s not really a big deal, Iâ€™m a tolerable guy

In the age of piss when the old man whistles

Yeah Iâ€™m late, but donâ€™t remind me of our
separate pistols.

(Iâ€™m ballistically drunk, Iâ€™m a triumphant lump)

(Iâ€™m an instant glow ball coffee syrup florist filled
gunk)

(That beat is mystically drunk, Iâ€™m a triumphant
lump)

(Iâ€™m an instant glow ball coffee syrup de clog your
gunk)

(De clog your gunk,)

(Gunk, drunk, gunk, drunk.)

It's only party in the back side of love

Well I won't let it break my self-esteem,

Oh, it's only party in the back side of love

We'll open our graves.

(Move on, I caught you instantly.)

(Move on, you stomping elephant.)

But I'd hate, to say no.

When it comes to those beautiful blue eyes.

And I'd hate, to say no,

When it comes to those beautiful fuckin' eyes.

Hold on girl, I promise that we'll have it all,

Hold on girl, I promise that we'll have it all.

(Hello I will talk to you, I have some things to go over
with)

(Are you mad?)
(Or spectacular?)
(Yes, yes so so so so fifi fifi)
(Yes but my face has been melted)
(Hello? I will talk to you)
(Are you mad?)
(Or spectacular?)

It's only party in the back side of love
Well I won't let it break my self-esteem,
Oh, It's only party in the back side of love
We'll open our graves

(Youâ€™™ ve got loud as fuck sighs)
(You know how to fake cry)
(Youâ€™™ ve got that ostrich beak thatâ€™™ s lowering
your skill in sneak)
(You got you got you got me.)
