To feel her touch
It's almost impossible to hold still
Maybe we can go back to the way it was
Well at least let me love you the same

I got lies to tell your children
When my smile pierces through your bones
Right through your bones
(Through your bones)
The grass is green inside my yard
I can make you laugh so fucking hard it hurts you
Inside your bones
(Inside your bones)

She talks, I listen, shes in the shower and her skin
glistens
Like oh my god I like it
Like oh oh god I like it

I suggest a drive, lets take the back road
Lets get lost lets lose our minds
Hey, little girl, i think we found it tonight
I think we glow that fucking bright, oh
And when she laughs I like it
Like "oh ha ha ha ha ha"

I got lies to tell your children
When my smile pierces through your bones
Right through your bones
(Through your bones)
The grass is green inside my yard
I can make make you laugh so fucking hard it hurts you
Inside your bones
(Inside your bones)

"Holy shit she smells like heaven
Been best friends since we were eleven
And oh my god I like her.."
"Yeah, I heard you like her...
Baby, I thought that we had something
Compared to him I'm next to nothing
Oh my god I like her..."

"Yeah I heard you like her..."

I am a million fucking bucks
I am a thousand fucking bucks
Your bitch is dead she was hit by a truck
What the fuck!

"Holy shit she smells like heaven
Been best friends since we were eleven
And oh my god I like her.."

"Yeah, I heard you like her..."

Baby, I thought that we had something
Compared to him I'm next to nothing
Oh my god I like her..."

"Yeah I heard you like her..."
