I know you got that perfect 20/20 baby
No need for them glasses or them contacts
So tell me why, tell me why, Why can't you see?
Everytime you're kissing her in front of me
It hurts, I'm human Baby
It hurts

I'm not your fuckin best friend
I've been sittin' on this bench too long
While you're playing with these
Basic fake chicks
And come complaining when it all goes wrong
If you open your eyes
And give sense a good try
I'll be all you need
And more
Than a fuckin best friend

Was I ever an option on the phone talking
2 o'clock in the morning
Asking me to fix what's broken
Open up my heart and then you stole it
Those random times I cross your mind
Do I give you butterflies?
Cuz baby I get chills every time I chill watcha

I'm not your fuckin best friend
I've been sittin' on this bench too long
While you're playing with these
Basic fake chicks
And come complaining when it all goes wrong
If you open your eyes
And give sense a good try
I'll be all you need
And more
Than a fuckin best friend

You can't tell me I'm crazy for felling this way
And maybe it's the wrong time but I'm in the right
place
So while you got me here look me straight in the eyes

And tells me everything I feel is a lie
Whoaaaaa
Cause I'm not your fuckin best friend
I've been sittin' on this bench too long
While you're playing with these
Basic fake chicks
And come complaining when it all goes wrong
If you open your eyes
And give sense a good try
I'll be all you need
And more
Than a fuckin best friend
Who oh oh ho
Why can't you see it?
It could be me and you
I'll be all you need
And more
Than a fuckin best friend
