When you walked by,
I saw a small tear in your eye,
That did you up and threw you into the slime.
When you returned, you were a little burned
But you learned the secret of it all.
And you thought that you would find
That'd be too easy.
It was only the end of the beginning,
Coz now it can be Elvis and me.

I thought you knew,
What it was that I had to do
Never occurred that you would just roll over
I had to go not very long though you know,
Coz for you it was an eternity.

And if you think you've got it now,
Go start your crying.
Its gonna be different when I'm home,
Coz it's gonna be Elvis and me
It's just Elvis and me
It's gonna be Elvis and me
Just Elvis and me
Just Elvis and me
So if you think you've got it now,
Go start your crying.
Its gonna be different when I'm home,
Coz it's gonna be Elvis and me.

I wish I could,
Make it easy so that you understood
And scratch my head,
It would bleed like buggery
But be the girl,
The poison raining above
Will shut you now
I'll never let it again

So if you think you've got it now,
Continue your crying
It's gonna be different when I'm home
Coz its gonna be Elvis and me

It's just Elvis and me
It's always been Elvis and me
Just Elvis and me.
